

Digital World Stewardship Act for Digital Allodial Titles

Jurisdiction: The Digital World (www.digitalworld.earth)

Effective Date: [Insert Date]

Section 1: Title

This legislation shall be known as the "Digital World Stewardship Act for Digital Allodial Titles."

Section 2: Purpose and Intent

The purpose of this Act is to establish a framework for granting Digital Allodial Titles that ensures recipients act as stewards of the land, prioritizing:

1. Sustainable use
 2. Ecological balance
 3. Cultural preservation
 4. Generational continuity
-

Section 3: Definitions

1. Digital Allodial Title:
A sovereign property ownership title represented as a digital asset, recorded on a blockchain, free of liens, encumbrances, or taxes, granted under stewardship conditions.
 2. Stewardship Covenant:
A legally binding agreement outlining the titleholder's obligations to sustainably manage, preserve, and protect the land for future generations.
 3. Contestation Period:
A predefined time frame during which grievances or disputes related to a filed Digital Allodial Title may be raised.
 4. Grievance Process:
A dispute resolution system for addressing challenges to title claims or violations of the Stewardship Covenant.
 5. Decentralized Dispute Resolution (DDR):
A blockchain-based mechanism for resolving grievances transparently and equitably.
 6. Generational Continuity:
The principle that land stewardship obligations are carried forward when titles are inherited or transferred.
-

Section 4: Granting of Digital Allodial Titles

1. Eligibility:
 - a. Applicants must provide verifiable documentation of ownership and historical records demonstrating their claim.
 - b. Applicants must sign the Stewardship Covenant, committing to the responsibilities outlined in Section 5.
 2. Filing Process:
 - a. Title claims shall be filed digitally through the official blockchain registry.
 - b. All claims shall be published on the public ledger for a contestation period of no less than 180 days.
 3. Contestation Period:
 - a. During this period, any party may file a grievance by submitting evidence through the designated grievance process.
 - b. Claims unresolved after the contestation period shall be deemed finalized and issued as Digital Allodial Titles.
-

Section 5: Stewardship Covenant Requirements

1. Obligations of Titleholders:
 - a. Maintain the ecological integrity of the land.
 - b. Ensure sustainable use of resources, including soil, water, and vegetation.
 - c. Protect and preserve cultural, historical, and sacred aspects of the land.
 - d. Submit periodic stewardship reports as specified by the governing authority.
 2. Monitoring and Compliance:
 - a. Titleholders agree to periodic audits and assessments of their stewardship efforts.
 - b. Monitoring data, such as satellite imagery or IoT sensor data, shall be recorded on the blockchain for transparency.
 3. Non-Compliance:
 - a. Titleholders found in violation of the Stewardship Covenant may be subject to:
 - i. Financial penalties.
 - ii. Revocation of the title through the grievance process.
-

Section 6: Grievance and Dispute Resolution

1. Filing Grievances:
 - a. Grievances related to title claims or violations of the Stewardship Covenant shall be filed

through the Decentralized Dispute Resolution (DDR) system.

b. Grievances must include evidence supporting the claim, submitted in a blockchain-verified format.

2. Resolution Process:

a. A neutral adjudication panel shall review grievances, consisting of experts selected based on their reputation scores within the Digital World system.

b. All decisions shall be final and recorded on the blockchain.

3. Escrow Mechanism:

a. Funds or assets related to disputed titles shall be held in escrow until grievances are resolved.

Section 7: Generational Continuity

1. Inheritance and Transfer:

a. Digital Allodial Titles may be transferred to heirs or assignees, provided they agree to uphold the Stewardship Covenant.

b. New titleholders must undergo a certification process to demonstrate their understanding of stewardship responsibilities.

2. Re-certification:

a. Every generational transfer shall require re-certification of the Stewardship Covenant within 90 days of the transfer.

Section 8: Incentives for Stewardship

1. Titleholders demonstrating exemplary stewardship may be eligible for:

a. Enhanced reputation scores within the Digital World system.

b. Access to grants or incentives for conservation projects.

c. Tax benefits or exemptions in jurisdictions supporting sustainable practices.

Section 9: Sacred and Indigenous Land Provisions

1. Titles for lands with sacred or indigenous significance shall require:

a. Consultation and approval from indigenous communities or recognized cultural authorities.

b. Compliance with additional guidelines established by those communities.

Section 10: Enforcement and Oversight

1. Oversight Committee:
 - a. The governing authority for Digital Allodial Titles shall establish a Stewardship Oversight Committee responsible for:
 - i. Monitoring titleholder compliance.
 - ii. Resolving disputes and grievances.
 - iii. Updating stewardship guidelines as necessary.
 2. Public Ledger:
 - a. The authority shall maintain a publicly accessible blockchain ledger for tracking titles, grievances, and compliance reports.
-

Section 11: Effective Date

This Act shall take effect 90 days after its enactment, with the blockchain registry and grievance systems operational within one year.

Summary

The Stewardship Act for Digital Allodial Titles provides a legal foundation for a stewardship-focused allodial title system that integrates transparency, sustainability, and dispute resolution.
